Advocates For Health Partners with Coborn's To Create Grant To Place Lifesaving Outdoor AEDs

During National Heart Month Coborn's ran a fundraiser called Operation ROUND UP where shoppers could round up their change to be put towards an Outdoor Smart Monitored AED Cabinet. Coborn's original plan was to use the funds raised to place 4-5 Outdoor AEDs at their stores. Rich Feneis, the founder of Advocates For Health had the idea to turn the money raised into a matching grant which will be split up among several towns. Rich says, "The goal is to turn 4-5 Outdoor AEDs into 48-60." By splitting the money into a grant and getting another 2 donors per unit more can be placed. The plan is to go into towns that have a Coborn's located in them and get other organizations to cover the remaining cost. Once one Outdoor AED is placed in a community

others will follow. Advocates For Health has had great success in getting multiple sponsors to split the cost. For example, in the photo above, Midco donated money and turned it into a matching grant program. Instead of placing 1 lifesaving AED the Midco grant helped placed 3 lifesaving AEDs with the same donation.

If you are interested in this matching grant program we have openings in the following towns...

Coborn's - Little Falls

Coborn's Liquor- Brainerd

Coborn's- Delano

Coborn's- New Ulm

Coborn's- Foley

Coborn's- Melrose
