August 2022 Monthly Newsletter

CPR/AED Training for Managers at St. Joseph Coborn's

Over 10 department managers from the St. Joseph Coborn's gathered on August 2nd in front of the store to learn hands only CPR and how to use an AED device. They were also briefed on how to use our Outdoor AED Smart Monitored that is located at the

front of their store.

All of our Outdoor AED Cabinets come with AED/CPR training by a certified trainer that can be used to educate whatever group.

St. Joseph Coborn's is 1 of 5 locations that currently have an Outdoor AED Smart Monitored Cabinet at the front of their store. Thanks to Operation Round-Up with Coborn's, in February 2022, over 12 Coborn's locations are in the process of getting Outdoor AEDs for their communities placed.

What's New in August 2022?

Sartell High School

Scheel's Sports Arena
